

TEATRO SESC CASA DO COMÉRCIO

CARBON FOOTPRINT

Teatro Sesc Casa do Comércio is a prominent cultural space managed by the Social Service of Commerce (SESC) in Bahia. Located in the heart of Salvador, the theater is a reference in the state's artistic and cultural scene, promoting a diverse program of shows, concerts, and events.

Methodology

Teatro Sesc Casa do Comércio's carbon footprint has been prepared, ensuring the principles of Relevance, Completeness, Consistency, Transparency, and Accuracy, and following the calculation and reporting methods and principles that appear in the:

- ISO 14064-1:2018 - Greenhouse gases.
- The GHG Protocol: A Corporate Accounting and Reporting Standard.
- IPCC Guidelines for National Greenhouse Gas Inventories.
- IPCC Fifth Assessment Report.

Reporting period: This carbon footprint has taken 2024 as the time limit, from January 1 of 2024 to December 31 of 2024.

Reporting limits: Scopes 1, 2, and 3 have been considered.

Results

Overall GHG emissions: 150.75 tCO₂eq

Scopes 1: 35.93 tCO₂eq

Scopes 2: 0 tCO₂eq

Scopes 3: 114.82 tCO₂eq

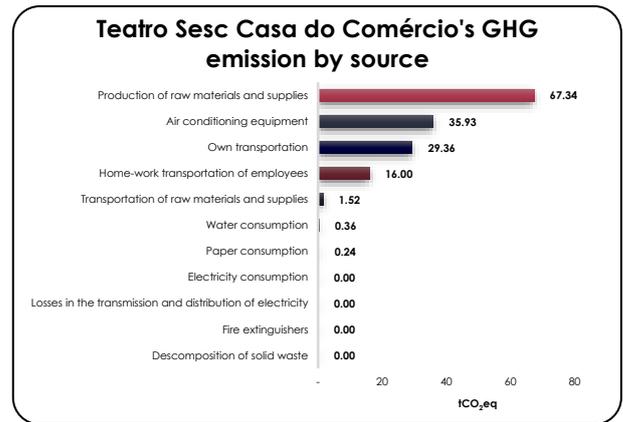

This is the short version of the detailed carbon footprint report prepared by Green Initiative.
